The Kaiser beer made by Condive is a pure, healthful drink that physicians recommend.

A BAD BLOW.

A Drunken Engineer Conducts a Party of Men Into the Dark Gloom of Eternity.

A Maniac Wife Murderer Regains His Senses Sufficiently to Hang Himself.

A Jealous Man Supposedly Gets Even—Still Hearing From Ohio—Republican Protection.

A Costly Spree.

CHICAGO, Oct. 21.—A St. Paul special says that the boiler of a threshing machine on Leech Nichols' farm at Bettlesville, exploded to-day, instantly killing Thomas Evans, the engineer, and John Smith, John Linglewood, Charles Swanson and John Johnson, farm hands, and William Pierce, aged eleven years. An unknown man was badly scalded. The engineer was recovering from a debauch.

A Mysterious Dream.

CONNEYSVILLE, Pa., Oct. 21.—The interest in the mysterious killing of Jacob Klunk and the mysterious dream of Rice Urban is unabated this morning. The inquiry developed no new incidents. The jury rendered a verdict of accidental death and declined to fix the responsibility on any one.

A Maniac's Raving.

VIOQUA, Wis., Oct. 21.—John Huchka, the German farmer who murdered his aged wife Sunday, was found in the woods yesterday in his night clothes, nearly frozen to death and raving insane. He was placed in jail and when apparently rational was told of his crime. During the night he committed suicide.

France's Proposal.

PARIS, Oct. 21.—In the chamber of deputies yesterday Bourgeois placed upon the table an amendment to the Cattle Customs bill, which proposes to fix the duty at five francs per hundred kilograms on foreign corn. The amendment proposes that the municipal authorities of the provinces be empowered to fix the price on bread and meat and increase the municipal budget by 200,000 francs for the assistance of the poor.

The Returns Still Coming.

CLEVELAND, Oct. 21.—The official canvass of the votes for judge of the sixth state judicial circuit embracing the counties of Cuyahoga, Summit, Erie, Huron, Lorain, Lucas, Medina, Ottawa, and Sandusky give the total vote of Baldwin, republican, 59,564; Upson, republican, 59,162; Haynes, republican, 59,901; Kline, democrat, 53,552; Stratton, democrat, 52,368; Garver, democrat, 52,330; Stewart, prohibition, 1,595; Gage, prohibition, 1,609; Logan, prohibition, 1,576. The republican candidates have in the nine counties an average plurality of over 3,000.

A New Theory.

BOSTON, Oct. 21.—A dispatch from Albany states that Henry A. Hagerboone, a farm hand, who claims to have discovered the obstruction on the track which wrecked the Boston and Albany train at Kenderhook, on Sunday night, has been arrested on suspicion. The theory is held that the act was committed not with malicious intent, but in hopes of flagging the train, when he intended to acquit the passengers with the fact that he had saved their lives in the expectation that he would be handsomely rewarded for gallantry. Experiments show that a man could place rails across the track and remove them inside of ten minutes.

The Assault on Cleveland.

ALBANY, Oct. 21.—The city was thrown into great excitement by the report that Governor Cleveland had been assaulted while on his way from the executive mansion to the capitol. Some reports had it that he had been assaulted and others that he had been fatally wounded. The reports spread with marvelous rapidity and hundreds thronged to the capitol and sought out the governor's room to inquire as to the truth of the rumors and the condition of the governor. As is usually the case there was slight foundation for the rumor upon which a superstructure of fiction had been built in passing from mouth to mouth.

The Pilgrims in Haverford.

LOGANSVILLE, Oct. 21.—Mr. Blaine left Fort Wayne at 8:45 this morning for Indianapolis and intervening points. In the party accompanying him were Senator Harrison, Hon. Wm. McKimley, of Ohio, and Hon. John C. New, chairman of the republican state central committee. At Huntington, a small city, there was a very large crowd, who cheered Mr. Blaine heartily when he appeared on the rear platform. He spoke briefly, urging the great importance to Indiana of having the protective policy continued.

At Wabash he left the train and was driven to a platform, from which he made another brief speech in the same vein. The meeting here was also very large and the people very enthusiastic.

The Cholera.

ROME, Oct. 21.—There are ninety-six fresh cases of cholera in Italy and forty-five deaths.

GHIBALTARI, Oct. 21.—Quarantine against Spain has been done away with.

Will Resume.

NEW YORK, Oct. 21.—The firm of Donnell, Lawson & Simpson, bankers, which failed during the recent panic in Wall street, have announced that they expect to resume business to-morrow.

Republican Protection.

PITTSBURG, Pa., Oct. 21.—H. B. Scott & Co., barbed wire manufacturers, have notified their 800 employees that wages will be reduced 10 per cent, to take effect immediately. The reduction will be accepted.

That Green-Eyed Monster.

HARTFORD, Conn., Oct. 21.—Martin Harrison, a car driver, and his mistress, Ada Brown, were killed last night. S. Gregory, a former lover of the woman, has been arrested. Jealousy was the cause.

Another Lie Told.

WASHINGTON, Oct. 21.—In relation to the dispatch from London that Secretary Freylinghuysen had declared his inability to undertake the reorganization of France to amicable settlement of their difficulties with China, Mr. Freylinghuysen says he has never expressed an opinion on the subject.

The New Cardinals.

ROME, Oct. 21.—The pope will create eight new cardinals at a secret consistory. The persons who will be honored are Archbishop Nenni, Sordani and Palermo and Monsignors Massini, Veronesi, Laurenci, Masotti and Verza. Still seven vacancies are remaining in the college of cardinals.

The Chinese-French Drama.

PARIS, Oct. 21.—Chinese advisers state that the French corvette has been exchanging shots with the Tai Wan forts on the west coast of Formosa. The corvette subjects all approaching steamers to search.

THE FRENCH QUADRANT.

PARIS, Oct. 21.—The Chinese troops continue to pour into Tonquin. Great uneasiness is felt at Paris on this account. The cabinet are divided as to what measures should be adopted to provide reinforcements. General Campanon, minister of war, declines to mobilize the corps d'armee without authority from the chambers.

TELEGRAPHIC BREVITIES.

A son of the late State Senator Clark, of Wisconsin, is in jail on the charge of counterfeiting.

James M. Folger, postmaster at Mantua Station, Ohio, is under bonds for the embezzlement of \$1,000 in postal money orders.

Mr. Kasson, the United States minister to Germany, has been designated to represent the United States in the Congo conference.

Late reports say that only merchants of Berber were on board the steamer which ran aground at Waddy Garna and all have been set at liberty.

The fairness and justice of the republican press can be fairly estimated from the statement of the Indianapolis Journal that there were 6,000 voters in the republican procession here last evening besides several hundred young ladies and that the democratic procession numbered 2,500. It is by such willful and perverse lying statements as these that Blaine and the republican press are working the campaign. The Journal's editor in chief was here with the Blaine party and knows that the statement is false as does everybody who witnessed the two processions. This paper also reports the silly lie about the democrats arranging the meeting at the court house after it was known that Mr. Blaine was to speak at the Avenue house.

The Ladies' Relief Union have an advertisement elsewhere, in reference to the chair to be voted to the most popular candidate for the presidency. Polls opened yesterday at M. Frank & Co's store. The vote this morning stood 92 for Blaine and 25 for Cleveland. Polls will be open each day from 2 o'clock to 5 and 7 to 9, p. m. The proceeds all go to the maintenance of an industrial school for poor, neglected girls.

Another member of the gang of our robbers who have been burning the freight cars of the Wabash road, at Wabash, for several months past, was arrested last evening by a deputy of the railway company. His name is Chas. Smith, and he was captured at Marion. He pleads innocence but the evidence against him is overwhelming.

A Village Swept Away.

TRENTON, Ont., Oct. 21.—The post-office, McCombridge hotel, Orange Hall and ten stores in the village of Frankford burned to-day. Loss not known.

A TOWN IN ASHES.

WATERTOWN, N. Y., Oct. 21.—At Watertown the most disastrous fire which has ever visited this part of the state began in a row of manufacturing buildings on the west side of Black river. A heavy wind blew the sparks half a mile across the river to two islands filled with manufacturing institutions, burning everything on the island and then struck into the buildings from about seventy-five acres. This was the oldest part of the town and contained beautiful shaded streets with fine dwellings. To-day this entire territory is a mass of smoldering ruins. One hundred and sixty dwellings were burned, besides manufacturing institutions and the Episcopal, Presbyterian, Baptist and Disciple churches, the Town hall, Academy and all the school buildings.

The fire spread so rapidly that very little household goods could be saved. The fire departments of Watertown, Lowell, Boonville and Utica responded to the call for help, but as fire would appear in a dozen different places at the same time the streams from the engines were of little avail. The yards were filled with dry leaves which ignited by flyinginders and fanned by a stiff breeze were soon in a blaze. There were a hundred dwellings on fire at the same time. The people worked hard in several houses to save the property, then became panic stricken and all last night hundreds of them were roaming the streets or lying in spots where the fire had not touched, every place of shelter in the village being filled with women and children. A large number of people were brought to this city where they had friends to care for them.

It is impossible to correctly picture the scenes of yesterday afternoon and last night. Strong men were weeping, women and children crying as they realized that everything they possessed was being swept away. The people are thrown out of employment, with everything they had destroyed, and they will suffer unless assistance is rendered. Money can be sent to Allen E. Kelly and C. P. Ryther, Carthage, who can be safely trusted to look after the wants of the people.

No one was burned to death, but a score of people were badly burned, including the firemen. The loss will foot up over \$500,000. The insurance cannot now be given, but the agents say it will not reach one-third of the loss.

ANOTHER BURN OUT.

QUINCE, Oct. 21.—News from Garpe just received here says a fire started by the people in clearing brush land spread in the night to the village of Chorydorie, destroying all the houses and boats of the place and rendering twenty families homeless.

AT KINGSTON.

ATLANTIC CITY, Oct. 21.—Fire at Kingston last night destroyed Cloud's hotel, the Conche house and three small stores. Loss, \$15,000; insurance light.

AT PROVIDENCE.

PROVIDENCE, R. I., Oct. 21.—This afternoon fire was discovered in the planing mill and lumber and coal yards of J. F. Cottrell at Pawtucket. These were destroyed and other buildings amounting to a total loss of \$100,000.

A Newspaper Man in His War Paint.

ROCHESTER, N. Y., Oct. 21.—Action for libel, with damages for \$50,000, has been commenced by John F. Morry, jr., one of the proprietors of the Rochester Union and Advertiser, against the New York Money Journal association. The libel was contained in a statement telegraphed to the latter paper from here, appearing yesterday, falsely connecting the plaintiff with a suit for breach of promise.

LOCAL NEWS.

The circuit court was in session for a short time to-day, but did no business.

The fight on the Pittsburg excursion train west last night was between Warsaw republicans, one of whom was not

magnetized by Mr. Blaine and expressed a determination to vote for Cleveland.

The democrats are jubilant over the grand success of yesterday's work.

C. H. Immell, foreman of the Huntington Democrat, was in the city yesterday.

People competent to judge say that fully 25,000 strangers were in the city yesterday.

An employe of the Pittsburg yards was squeezed between two freight cars this morning.

General Leeb, a distinguished citizen of Chicago, will speak in German at the Academy to-night.

John A. Corwin, staff correspondent of the Chicago Times, was in the city yesterday reporting the demonstrations.

Charles T. Donnelly, the card writer, did a great business yesterday. Mr. Donnelly has a desk on Main street and is a fine penman.

The first excursion train to Peru Thursday, leaves here at 8 o'clock in the morning and returns at 10:30 in the evening. The fare is \$1.00.

Sheriff Schiefer has levied on the personal effects of Jerome J. Studor to satisfy judgments in favor of Mary A. Studor and Mary Rothefau.

A. B. Nisley, of Lake township, had a gold watch taken from his pocket last night. The taker was a gift from his wife and worth at least \$150.

Counting the ladies and kids out of the republican procession the democrats had 1,000 more voters in line. It was a great Waterloo for the tattooed crowd.

A member of the Eighth ward democratic club was shamefully assaulted by republicans last night. The young man was carried to his home unconscious.

The interior of the Second ward engine house is being handsomely painted by the firemen, who manage to make about all the improvements about the place.

Last night two pickpockets counted their scalings in the Pittsburg waiting room. One fellow said "I got \$75, but couldn't work the crowd at the court house."

In the alley back of A. C. Katt's store a pocket-book, the property of Jennie E. Newman, of Edgerton, Ohio, was picked up this morning. It had a few prescription papers in it.

Capt. Chas. A. Munson desires to return thanks, on behalf of the Jeffersonians, to the lady admirers of the club for a pretty floral horseshoe, presented to the club last night.

Minnie Herron was arraigned before Esquire Ryan on the affidavit of Hugh Welch, charging her with resorting houses of ill fame. Minnie was let go, because Welch couldn't prove his case.

The case of the Ellsott heirs against the Nickel Plate road came up in the superior court to-day before Judge Frazer, but was postponed because of the absence of the attorneys at Indianapolis.

Yesterday afternoon fine portraits of Cleveland and Hendricks were suspended across Main street, in Nebraska, far out of the way, but when the republican processions passed, one of the color bearers deliberately knocked them down.

It now transpires that Blaine never even peeped at the torchlight procession last night. He sat in the parlor of Mr. Williams' residence and never as much as complimented the royal fellows who trumpeted about the street in his honor.

There was a dozen bloody fights on the excursion train west on the Pittsburg road last night. A telephone message from Warsaw to Theodore Thieme says that one man was shot in the leg and another man was wounded in the neck, while a dozen men had their faces battered.

severe attack of Rheumatism, upper and lower

**HOW DO THE COUNTRY PEOPLE
LIKE THIS?**

From the Fort Wayne Gazette (repub-
lican) October 8, 1894: "Some of the
country magwumps tried to ape the Jef-
fersonians and had broomsticks sawed off
for canes, old hats and dirty flannel
badges."

Mr. BLAINE's reception in Fort Wayne
was warm, very warm. The democratic
greeting was hearty, very hearty.

The tattooed knight evidently thought
he had met a very warm reception when
he saw the democratic hosts last night.

It reflected no credit on the republi-
cans that their ranks contained a few
men last evening whose vulgarity and
vile utterances stamped them as being
unfit to be called men.

Mr. BLAINE is attended by two colored
servants on his tour. Strange that his
son, Walker, who is the agent of the As-
sociated Press, has said nothing in his
dispatches about them.

Mr. BLAINE, in his speech yesterday
as published, waved the bloody shirt
most frantically, saying that he did not
believe the soldiers of Indiana could be
brought to assist in a democratic victory.

This comes with good grace from a man
who sent a substitute to the war and
himself remained at home and engaged
in rifle contracts. Such a man is cer-
tainly well qualified to give advice to
soldiers.

ROGER R. SHIEL, the man who aspires
to be the treasurer of the state and who
disgraces even the republican ticket,
tried to bribe the editor of the *Monitor-
Journal* to support the republican ticket
and for this purpose, as he claimed, on
the authority of John C. New, chairman
of the republican state committee, he of-
fered the sum of \$3,000. To this the
editor of the *Monitor-Journal* makes
a denial.

ROGER R. SHIEL, the republican can-
didate for treasurer of state, was branded
by the Central Trades assembly of Indi-
anapolis as an enemy of organized labor,
and that in the late telegraph strike he
opposed the men by voice and by work.
Mr. Shiel vehemently denied this and
sent circulars all over the state contain-
ing his denial, but a committee of this
same trades organization, appointed to
investigate the matter, have reported that
"We find that all the charges made
against Roger R. Shiel are true." The
report is signed by L. H. McClellan,
Henry C. Deek, William B. Lewis, S.
Schmalholz, as the committee. To this
the members of the *Monitor's* union, No.
56, added their assent by unanimously
adopting a similar report and pledging
themselves to use all honorable means to
secure his defeat.

THE VISIT OF BLAINE.
It is a question of much doubt whether
Fort Wayne has ever entertained a
greater number of people than attended
the rival demonstrations yesterday.
There was every inducement to call out
a republican. They had had no demon-
stration of importance during the cam-
paign and as the drawing card for this
demonstration, Mr. Blaine himself was
announced. It touched the pride of ev-
ery man who still continues to vote
with his party no difference how corrupt
its representatives may be, and called
him to its aid. It was in distress and
had hoisted the signal by bringing its
leader to the state and placing him on
exhibition. The neighboring towns and
cities had also been industriously at
work for a week or more in the endeavor
to swell the crowd. Every means was
employed to augment the crowd and time
and money was not considered in per-
fecting the arrangements to give their
candidate a good start on his tour of the
state.

On the other hand the democracy ar-
ranged a counter demonstration for the
same day. Not because they feared the
effect of Blaine's visit, (for a man who
would change his political faith because
he has seen the leader of the republican
party is unworthy the name of demo-
crat) but because they feared the effect
of the crowd which he would draw, but
it was determined to show Mr. Blaine,
who is starring the state in hippodrome
style, that he will find a firm and united
democracy, and one which cannot be
slain. We believe that Mr. Blaine real-
izes this at this early stage of the tour
of the good old Hoosier state.

The time for action was short, because
the committee could not hear from the
speakers whom they desired to be pre-
sent, but it was long enough and sufficient
work was accomplished to outnumber
either procession of the republicans after
all the bluster and all the efforts
they put forth. The Allen county
democracy can always be de-
pended upon, and with the kind assist-
ance of neighboring towns Fort Wayne
gave Mr. Blaine a pointer or two which
he will be likely to remember for some
time to come. If all cities where he
shall stop will meet the hippodrome with
such a reception as Fort Wayne and old
Allen gave it he will leave the state in
diagnosis.

The republican party has accomplish-
ed for our country in the matter of com-
merce what England could not enforce in
1876 by her army and navy, truthfully
says the *Indianapolis Sentinel*. The
navigation act of Great Britain provided
that the productions and trade of our
country should be carried to England
only in English vessels, and shut us out
from the commerce of foreign countries.
And for this reason our forefathers de-
clared in the Declaration of Independence
as one of the reasons for revolt:
"For cutting off our trade with all parts
of the world." This was reason enough
to prompt our forefathers to resort to
arms. The republican party by its tariff
legislation has driven us from the ocean
and turned over to England the com-
merce of all the world and the carrying
trade of our own country. To-day we
have no navy to defend us, although we
have over 4,000 miles of sea coast on the
east and 2,000 miles on the west, unpro-
tected, and the feeblest power abroad
could levy contributions on Boston, New
York, Baltimore, New Orleans, Galveston
and San Francisco, and desolate and
destroy our coast, while we
have no present capacity for successful
attack or defense. If we had a merchant
marine it might be converted to war ser-
vice until we could prepare a navy, but
we have no navy and no merchant ma-
rine; and every foreign power spits upon
us, and we dare not resist or protest
against it.

The *Gazette* makes a mis-statement
this morning in regard to the attempt of
Mr. Blaine to speak at the Avenue house,
claiming that he was interrupted by
democrats. The truth of the matter is,
as is well known to republicans who had
charge of the demonstration, that the
original plan was that their candidate
should speak at the fair grounds and
should review the procession from the
Library hall. After this arrangement
the democrats arranged a meeting at the
south side of the court house. This was
the sum total of the interference about
which the *Gazette* howls so loudly.

THE AMERICAN TICKET.
FOR PRESIDENT,
MILLARD FILLMORE,
Of New York.

Of Tennessee.
"Put None but Americans on Guard."

Many who long suffered from urinary
and digestive diseases, causing nervous-
ness, weakness and debility, after trying
bitters, kidney medicines, iron medicines,
etc., without benefit, have found perma-
nent relief in from one to three bottles
of Dr. Guyot's Yellow dock and sassa-
parilla, the only perfect blood purifier
and strengthener. Hundreds of letters
to the proprietors have testified to its
superiority over the many pretended
cures so largely advertised by means of
bogus certificates that are bought and
paid for.

CONGRESSMAN PEELE'S RECORD.
The records made by McKinley of
Ohio and Peelle of Indiana in election
cases in congress were amongst the most
villanously partisan. Under a "little
arrangement" Peelle did manage to vote
once in favor of a greenbacker, but, dur-
ing his whole service, no matter what
either the merits or the majority he
never voted once in favor of a democrat.
The record of McKinley is only still
blackier by reason of his longer service.
During the seven years he held a seat,
while forty-six cases were passed on,
he invariably voted either to retain the
republican or give the democrat the
grand bounce. Contrast this with the
course of Judge Lowry who voted en-
tirely with reference to the merits, some-
times for the republican and in other
cases for the democrat, and the brazen
impudence of these bulldozers in coming
here to growl about the impartiality of
the latter in voting to prevent them from
choosing the rightfully elected members
out of their seats become apparent.

That serious difficulty was prevented
yesterday can only be accounted for
by the admirable efforts of the
leaders of the democratic hosts to
preserve order. From re-
putable men we have heard of gross in-
sults and of the hasty pulling of revolv-
ers by a set of republicans, who seemed
anxious for a general affray. The demo-
crats conducted themselves, so far as
we were able to see, in a much better
manner than did many of the republi-
cans while in parade.

Why is it
That the sale of Hood's Sarsaparilla con-
tinues at such a rapidly increasing rate?
It is—
1st: Because of the positive curative
value of Hood's Sarsaparilla itself.
2d: Because of the conclusive evidence
of remarkable cures effected by it, un-
surpassed and seldom equaled by any
other medicine.
Send to C. I. Hood & Co., Lowell,
Mass., for book containing many state-
ments of cures.

A CARD.—To all who are suffering from
arrows and imitations of youth, nerv-
ous weakness, early decay, loss of man-
hood, etc., I will send a recipe that will
cure you, free of charge. This great
remedy was discovered by a missionary
in South America. Send self-addressed

Mary, Queen of Scots, was an unfortunate monarch, but there are plenty of unfortunate people in this age, who daily see their health ebbing away and their very lives imperiled. Let them take heed, however; all is not lost. Mishler's Herb Bitters is the sheet anchor of their hope. It is known to be infallible as a cure for dyspepsia, indigestion, liver complaint, all diseases of the kidneys, stomach and bowels, and as a blood purifier and tonic for either sex is without a rival. It performs wonders. Give it a trial.

Henry Beck, of West street, this city, had \$130 stolen from him last night.

The Alcohol Question.

Why do doctors ever prescribe alcoholic stimulants? They say there is strength in them. This is all a mistake. Such things may bolster patients up for a little while, but leaves them worse when the stimulus subsides. If people keep on taking alcoholic stimulants, it means drunkenness and ruin. Remember Brown's Iron Bitters is not an alcoholic drink. It is the only reliable preparation of iron over made. It builds up the system, enriches the blood and invigorates the stomach.

I have been afflicted for twenty years, during the months of August and September, with Hay Fever, and have tried various remedies without relief. I can recommend Ely's Cream Balm to all Hay Fever sufferers, it being, in my opinion, founded upon experience, a sure cure. I was afflicted with Hay Fever for twenty-five years, and never before found permanent relief. —Webster H. Haskins, Marshfield, Vt.
